1. CALL TO ORDER

   Community Development Director Wolfe called the meeting to order at 6:30 pm. STF members and staff were present as noted.

2. APPROVE DECEMBER 12, 2013 MEETING MINUTES

   The Minutes were unanimously approved as submitted.

3. ESTABLISH NEXT MEETING DATE, REGULAR MEETING SCHEDULE, AND MEETING DURATION

   The Task Force set March 13, 2014 as its next meeting date, with the meeting to begin at 5:30 p.m. in Conference Room 1 of the City Council Chamber building.

   It was further concluded that the Task Force would regularly meet the second Thursday of alternating months at 5:30 p.m. in Conference Room 1. The Task Force adopted a policy that the duration of each meeting not extend beyond 1.5 hours, noting that in special cases more lengthy meetings might be necessary. In such cases, it was agreed that the Task Force would generally follow the protocol observed by the City Council, and that body’s policy that extending beyond the usual end time of the meeting be only by motion and approval, and that no new business be taken up after the Council’s adopted 10:00 p.m. end of meeting goal.
The Task Force asked that any agencies/parties which had been a part of any notification list for the first Task Force’s meetings also be provided with agendas for this Task Force’s meetings.

4. GENERAL DISCUSSION REGARDING HOW TO "IMPLEMENT" THE CLIMATE ACTION PLAN

Staff suggested that the Task Force focus on what can be monitored, then identify whatever tools might be necessary for that effort. It was concluded that the Task Force would review the adopted Plan with this in mind and provide feedback. The concept of monitoring only those most significant contributors to greenhouse gas emissions was discussed, and it was noted that this might make for more efficient use of resources, and make reporting more effective.

Task Force member Johnson expressed his concern that the Climate Action Plan’s assumptions with regard to capturing methane from the County landfill might be inaccurate, based upon his understanding of several reports on the subject. He referenced the reports, and that he would provide them to other Task Force members for review.

5. ESTABLISH SUSTAINABILITY TASK FORCE AD HOC SUB-COMMITTEES AND MEMBERSHIP

The following ad hoc sub-committees were formed, with membership as noted:

**Ad Hoc Transportation Sub-Committee**: Lucas Ross Merz, William Loker, and Cheri Chastain

**Ad Hoc Energy Sub-Committee**: Mike Rubio, William Loker, Mark Stemen

**Ad Hoc Solid Waste and Community Outreach Sub-Committee**: Dave Donnan and Ryne Johnson

It was clarified that the sub-committees did not need to create or post agendas, and that they could not include un-appointed members of the public.

8. BUSINESS FROM THE FLOOR

Members of the public in attendance inquired about noticing required for sub-committee meetings, and expressed concern that they would not be posted. There was an additional concern about the accuracy of traffic volume estimates/projections, as it was suggested
BCAG’s data may be out of date due to delays and other problems at Cal Trans.

9. REPORTS & COMMUNICATIONS

There were no reports or communications.

10. ADJOURNMENT

There being no further business from the STF, the meeting adjourned at 8:00pm to the meeting of Thursday, March 13, 2014.
